

## Promisec INNERspace Awarded Top Ratings for Policy Management by SC Magazine

**July 29, 2011, Tel Aviv, Israel**— SC Magazine, a leader among global IT security publications, has awarded its highest 5-star rating to [Promisec INNERspace](#) agentless endpoint management software. SC declared INNERspace the “SC Recommended Buy” for policy management in June 2011, besting seven other IT policy management products reviewed on the bases of features, ease of use, performance, documentation, support, and value for money.

According to [SC Magazine's write-up](#), “[Promisec INNERspace] . . . is a solid tool, so solid that we make it our Recommended product this month” . . . for its . . . “highly flexible policy and endpoint management with an agentless deployment.”

The article highlights Promisec INNERspace’s simple elegance, ease of installation, intuitive interface, extensive built-in configuration flexibility, excellent documentation, and inclusive support, noting, “At a price ranging from \$15 to \$25 per endpoint, Promisec INNERspace offers a lot of functionality for a reasonable cost. We find this solution to be an excellent value for the money based on its comprehensive feature set and ease of management and scalability.”

### **About SC Awards**

[SC Awards U.S.](#) honors the professionals, companies, and products that help fend off the myriad security threats confronted in today's corporate world. SC Magazine spotlights innovations in the vendor and service provider communities, and the passionate work of government, commercial and nonprofits working to help the industry. The 2011 SC Award program, now in its 13th year, reviewed over 650 nominations in 31 categories that affect IT security.
